

**Press Release: Apply for a subsidy to attend an EU event**

The LIFE National Contact Point, under the Project CAP LIFE14/CY/000006 Cyclamen Capacity Building, invites interested parties to request a subsidy for participating in an EU event (conference, workshop, seminar, networking event, etc.) about environment and climate change.

The aim of the participation is to facilitate the exchange of experience and best practices with other EU Member States, with the purpose of enhancing the diffusion of project results (possible reproducibility and marketisation) at national and EU level, so as to boost potential reproducibility and lead to the submission of new LIFE Proposals.

Eligible bodies to apply for this funding are, Cypriot entities that have already benefited or are benefiting from the LIFE Programme or LIFE+, as well as Cypriot bodies interested in submitting a proposal under the 2019 LIFE Call, and which wish to attend an EU event.

Interested parties can find out more about this subsidy on the LIFE Cyclamen website (<http://lifecyclamen.com.cy/en/open-call/>) or by calling 22408919. There are only a limited number of subsidies and these will be granted on a first-come-first-served basis.

The LIFE programme aims to contribute to the implementation, updating and development of EU environmental and climate policy and legislation. Beneficiaries of the Programme are public bodies, non-governmental organisations, universities, and private companies. To find out more about the LIFE Programme visit [www.lifecyclamen.com.cy](http://www.lifecyclamen.com.cy)
